3. Personnel Officers Meeting: [redacted] Deputy Director of Personnel for Plans and Control, and [redacted], briefed the personnel officers on the new Personnel Appraisal System at the monthly Personnel Officers meeting on 12 September 1979. 4. Project Opportunity: On 6 September 1979, 19 new clerical employees entered-on-duty to make up this year's Project Opportunity class of 20. Hurricane David took its toll and the 20th applicant who was scheduled to enter-on-duty on Thursday reported on Friday. They reported to the Office of Personnel Management on Monday, 10 September, for three weeks of instruction in typing, English and basic office procedures. (U)

5. Salaries for Engineers: We have been advised that the Office of Personnel Management has approved higher starting salaries at the GS-09 and GS-11 levels for engineers in California. The GS-09 salary has been raised from \$18,044 (GS-09, step 5) to \$19,637 (GS-09, step 8). The GS-11 salary has been raised from \$19,263 (GS-11, step 1) to \$21,189 (GS-11, step 4). This is additional evidence that the competition for engineers is extremely keen.

6. Hire the Handicapped: [redacted] of the Staff Personnel Division attended the afternoon sessions of the 5 September 1979 EEOC Federal Affirmative Action Conference for briefings concerning their instructions for affirmative action requirements for FY 1980. Dr. Alan K. Campbell, Director of the Office of Personnel Management, was the principal speaker and discussed OPM working jointly with EEOC on affirmative action programs. Separate workshops on the EEO and Handicapped Affirmative Action Plans followed his presentation. (U)

7. Reserve Active Duty Tours: The Military Personnel Branch has been advised by the United States Army Reserve Components Personnel and Administration Center (USARCPAC) in St. Louis, Missouri that active duty training tours with pay will not be approved until January 1980 since USARCPAC has not received their appropriations for FY 1980. (It is possible this date may be changed, depending upon the date the appropriations are received.)

9. Catoctin Mountain Park Run: Twenty CIA employees have signed up for the Catoctin Mountain Park Run to be held on Saturday, 15 September 1979 near Hagerstown, Maryland. As suggested by Rear Admiral William Lukash, Physician to the President, in a letter to the Director of Central Intelligence, teams from CIA, the Secret Service, and the FBI will compete with each other in this event. The winning team will receive a trophy jointly purchased by the three teams. Should this become an annual event, the trophy will be passed from winner to winner each year. This competition is an informal one with arrangements and rules for determination of the winner having been mutually worked out by representatives of the three teams. It has no effect on or involvement with the official competition and awards of the Catoctin Mountain Park Run in which 1,200 entrants are expected to compete. (U)

10. Combined Federal Campaign: The 1979-80 Combined Federal Campaign officially began on 12 September 1979. Representatives from the Directorates of Administration, Science and Technology, Operations and the National Foreign Assessment Center attended the rally. (U)
